Litter! You know it is wrong!

Every bit of litter gets noticed. To join the war on waste and combat local littering, Council has joined with Northern Inland Regional Waste to launch the "Litter!" campaign. This campaign aims to reduce litter across the region.

Each year over 25,000 tonnes of rubbish is littered in NSW. Litter damages the environment, harms wildlife and makes our spaces less healthy and appealing.

Council is installing new waste bins (example pictured below) in the Collins Park and creekland area of Narrabri to help reduce litter in this high profile public site.

This area is a beautiful space enjoyed by many residents and visitors to our community and has been targeted for litter reduction.

Also new drive-by and easy to reach bins will be installed allowing people to easily dispose of their rubbish and help Council keep the area clean and beautiful for all to enjoy.
