

## BULK WASTE COLLECTION

Narrabri Shire Council offers two free scheduled Bulky Waste Collections each year. This service helps households dispose of large items that cannot fit into the wheelie bins and unwanted materials such as mattresses and e-waste. This service is only for residents with kerbside collection pickups.

## COLLECTION DATES

### NARRABRI TOWN & NARRABRI SHIRE VILLAGES

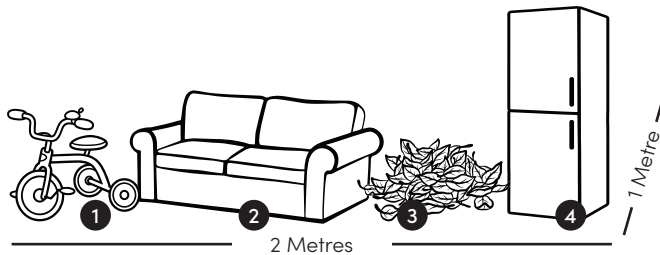

Bulky waste will be collected during the week of **Monday, 18 March to Friday, 22 March 2024** and the week of **Monday, 19 August to Friday, 23 August 2024**. Please place your waste outside on Monday mornings for collection at any time throughout the week.

## WHAT TO DO

Step 1:

On the weekend before collection starts, separate and stack items into 4 piles on the kerb in a safe location that does not restrict pedestrians. When possible, sort your items by type of material. Only 2 cubic metres of waste per household is permitted. No items should be added to existing piles after 6.00am on your scheduled general waste bin collection day.

Cleanaway will collect your bulky waste at any time during your scheduled general waste bin collection day.

Step 2:

Remove any items that still remains on the day after your general waste collection day, as it may be unsafe for others and can result in a fine.

## SUITABLE ITEMS

### GENERAL HOUSEHOLD WASTE

- Clothing and shoes
- Manchester
- Toys, car seats, playpens and walkers
- Discs – videos, DVDs, CDs and games
- Timber, fencing and wooden pallets
- Rugs & carpets (under 2m in length)

### FURNITURE AND BEDDING

- (Items must be no heavier than two people can carry and under 2m in length)
- Mattresses
- Lounges and chair
- Table and bookshelves
- Wardrobes and drawers (remove glass and mirrors)

### SMALL WHITEGOODS AND APPLIANCES

(Items must not have refrigerant gas)

- Washing machines and stoves
- Heaters and hot water systems
- Toasters, microwaves and blenders
- TV, computers and printers

### GREEN WASTE

(Must be no more than 1m high)

- Garden pruning's less than 1.8m in length and no thicker than 250mm in diameter. Must be bundled and tied
- Loose vegetation packed into cardboard boxes (no plastic bags)

## UNSUITABLE ITEMS

Householders must deliver these items personally to the Narrabri Waste Management Facility, so that each item can be assessed and appropriately disposed of.

- Vehicle parts – windscreens, tyres or batteries
- Demolition materials – asbestos, concrete or bricks
- Rocks or soil
- Glass doors, windows or mirrors
- Containers – full or partially filled of liquid
- Hazardous or toxic waste – paints, chemicals or oils
- Lawn clippings – they belong in your greenwaste bin
- Fluorescent lights or gas bottles
- Tree Stumps or thick branches (over 250mm diameter) but before item exceeding 1.8m
- Asbestos or demolition waste
- Recyclables – they belong in your recycling bin

## SAFETY FIRST

Consider the hazard your kerbside waste could create from accidental poisoning, drowning, injuries and contamination.

- Box, tie, or contain all loose items (to stop wind-blown litter)
- Wrap sharp edges (prevent cuts)
- Take doors off whitegoods (due to possible entrapment)
- Remove or cut cords off faulty equipment (choking and electrocution)
- Hazardous or toxic material should be personally taken to the landfill (due to contamination)
- Dispose of fluids appropriately (fluids can contaminate the environment or poison children/pets)
- Place lids on containers and items that collect more than 30mm of water (prevent drowning)

## WHY NOT TRY RECYCLE?

The items you put on the kerb are recycled where possible but mostly they will end up going directly to landfill. Consider re-homing your items by selling, donating or giving them away.

## SELL IT

- Advertise on Facebook, Gumtree or eBay
- Place a classified ad in the local newspaper
- Post on the supermarkets noticeboards
- Hold a garage sale
- Host a workplace 'swap and buy'
