### CHANGES TO BUSINESS AND INDUSTRIAL ZONES

The Department of Planning and Environment is currently exhibiting the transition of existing Business and Industrial Zones into new Employment Zones. This is the implementation stage of a reform within Local Environmental Plans (LEPs) across NSW. Implementation follows introduction of the Employment Zones within the Standard Instrument (Local Environmental Plans) Order 2006 in December 2021.

The department has worked closely with each council to ensure LEPs are amended, consistent with the intent of the reform, while also ensuring the land-use planning outcomes are locally appropriate. After the exhibition, the department will work with councils to finalise implementation ahead of the new zones coming into force on 1 December 2022.

Please visit the department's Planning Portal and Employment Zones Reform website [www.planning.nsw.gov.au](http://www.planning.nsw.gov.au). The exhibition is being held on the department's Planning Portal for six weeks from 31 May 2022 to 12 July 2022.

If you have any questions, please contact the Department of Planning and Environment on 1300 420 596 or by email at [employment.zones@planning.nsw.gov.au](mailto:employment.zones@planning.nsw.gov.au). For any further enquiries, please contact Council during business hours on 02 6799 6866 or via email [council@narrabri.nsw.gov.au](mailto:council@narrabri.nsw.gov.au).
